DAMINI GANESH GUDAPE

PRODUCT ENGINEER | FULL-STACK DEVELOPER

+91 93224 24879 | gudapedamini@gmail.com | GitHub | Maharashtra, India

PROFESSIONAL SUMMARY

B.E. Computer Science graduate (2026) and full-stack developer with internship experience building web applications across frontend, backend, APIs, databases, and deployment. Hands-on experience with React.js, JavaScript, Node.js, Express.js, MongoDB, REST APIs, authentication, admin workflows, and payment integration. Comfortable debugging client–server issues, improving user flows, reviewing AI-assisted code, and taking features from implementation through testing and deployment.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

Backend & APIs: Node.js, Express.js, REST API design/integration, JWT authentication, CRUD operations

Databases: MongoDB, MySQL, Firebase / Firestore

Programming: JavaScript, Java, Python, C, C++, SQL

Tools & Deployment: Git, GitHub, VS Code, Postman, Vercel, Render, Docker, Cloudinary, Razorpay API

Engineering Practices: Responsive UI, API debugging, form validation, authentication flows, database integration, AI-assisted development and code review

PROFESSIONAL EXPERIENCE

Java Full Stack Developer Intern | Agrozone Technology Pvt. Ltd. | 2026

- Contributed to AI-driven and full-stack application development using React.js, Node.js, Express.js, and MongoDB.
- Worked on implementing application features, integrating REST APIs, debugging issues, and improving existing workflows.
- Used AI-assisted development tools for coding support while reviewing and validating generated implementation.

Full Stack Web Developer Intern | CodeAlpha | 2026

- Built responsive web application interfaces using HTML, CSS, and JavaScript, and connected UI components with backend logic.
- Worked with REST API-based client–server flows and strengthened practical debugging and integration skills.

SELECTED PROJECTS

Medical Vendor Management System | React.js, Node.js, Express.js, MongoDB, REST APIs | 2026

- Developed a web-based system covering vendors, medical stores, doctors, products, sales transactions, and incentive distribution.
- Connected responsive frontend workflows with backend REST services; contributed to feature development, debugging, and deployment.

Live Demo: medical-vendor-web.vercel.app

DevFolio – Full-Stack Portfolio Platform | React.js, Node.js, Express.js, MongoDB, JWT, Cloudinary | 2025

- Built and deployed a MERN portfolio platform with JWT-protected admin access and CRUD-based content management.
- Integrated Cloudinary for image uploads and created reusable, responsive React components using Tailwind CSS.

Jewellery E-Commerce Platform | React.js, Node.js, Express.js, MongoDB, Razorpay | 2025

- Implemented product catalogue, shopping cart, OTP-based email verification, checkout, order management, and admin dashboard workflows.
- Integrated Razorpay payment processing and connected frontend shopping flows with backend services.

College Chatbot – COET Akola AI Guide | HTML, CSS, JavaScript, PHP, MySQL

- Developed a college information chatbot concept to help users access information about departments, courses, admissions, fees, facilities, and contacts.
- Worked on chat UI, language selection, backend request handling, and database-backed college information.

Socially – Social Media Platform | React.js, Node.js, Express.js, MongoDB, JWT | In Progress

- Developing user authentication, profiles, posts, likes, comments, media uploads, and frontend-to-backend API integration.

EDUCATION

Bachelor of Engineering – Computer Science & Engineering | College of Engineering and Technology, Akola | 2022–2026 | **CGPA: 7.33**

ADDITIONAL STRENGTHS

Feature implementation • REST API integration • Frontend–backend debugging • Authentication • Responsive design • Database operations • Deployment • Problem solving • Team collaboration
